

BRING EV CHARGING TO YOUR PROPERTY

A LOCALLY OPERATED EV CHARGING PARTNERSHIP FOR
COMMERCIAL AND MULTIFAMILY PROPERTIES ACROSS THE CSRA

A practical charging amenity

Facey Energy helps property owners offer convenient, publicly accessible EV charging without having to build and operate a charging business themselves.

**2
PORTS**

THE PROPOSED PILOT

One dual port Level 3 station with public payment access, network monitoring and a professional Facey Energy presentation.

Scalable public facing level 3 DC fast charger

Why properties partner

- Attract EV drivers and extend dwell times
- Add modern tenant and customer amenity
- Support sustainability and future readiness

Properties we are seeking

- Retail and mixed use centers
- Apartment and condominiums
- Hotels and hospitality
- Office and medical properties
- Public parking facilities

Let's identify a EV site

We are seeking property partners who are open to evaluating a highly-visible, accessible location for a Facey Energy's EV site.

What Facey Energy coordinates

- 1 Site evaluation and charging layout
- 2 Equipment installation and activation
- 3 Payment access, monitoring, and operations
- 4 Ongoing maintenance and customer support

Lets explore what may work at your property.
